## **News Release**

For Immediate Release: April 29, 2020

### **Water services restored to customers in Waimea valley**

WAIMEA– The Department of Water (DOW) has restored water services for customers located on Kalo Road, Gay Road and Menehune Road in Waimea at approximately 8 p.m. this evening. DOW crews have completed the emergency main line repairs and customers may now resume normal water use.

Additionally, the intermittent road closure on Menehune Road will remain in place for approximately 2 to 3 additional hours until the remaining road work has been completed.

Customers are advised that when the water main is turned back on, air and or existing sediment may be mixed into the water causing it to appear white or discolored. This is normal and if it occurs, customers may flush water out from an outside hose bib until clear.

DOW thanks Waimea customers for their patience and cooperation during the emergency service repairs.
